FUTURE PLANS

I plan to attend a four-year college on academic scholarship for a degree in Education. I am interested in most areas of education such as elementary, secondary, and language but I am undecided as to which area I would pursue. I also plan on getting my master's degree in this area; if possible, through a 5-year program. I hope to see other parts of the country and the world through volunteer work, Study Abroad programs, and possibly the Peace Corps. I hope to make a difference in where ever my life takes me, and I will work hard to accomplish that.
